

WILL ISSUE CERTIFICATES.

Americus Business Men Will Relieve Farmers' Stringency.

Americus, Ga., Nov. 5.—Fifty thousand dollars in clearing house certificates will be issued by Americus banks in conjunction with smaller banks in neighboring towns in order to relieve the financial stringency and pay for cotton. Americus banks are amply provided with funds for ordinary commercial requirements, but large amounts are required daily to move cotton rapidly accumulating.

The issuance of clearing house certificates is done at the request of the business houses of Americus, a petition signed by prominent people being presented to the clearing house. The certificates, in denominations of \$5, have been prepared and \$50,000 will be circulated immediately.

TRANSFER CHARGES CUT.

Alabama R. R. Commission Reduces Rate from 50 to 30 Cents.

Montgomery, Ala., Nov. 6.—At the meeting of the Alabama railroad commission Monday an order was issued cutting down the charge of transfer of passengers from one depot to the other at Birmingham from 50 cents to 30 cents, allowing 150 pounds of baggage to each ticket. The old rate on tickets costing \$4 or less was 25 cents.

The company was allowed to make this 30 cents, the commission feeling that there should be no discrimination.

The Birmingham Railway, Light and Power company, it was shown in the testimony, would have transferred for 5 cents per passenger and not over 50 cents for baggage. Another transfer company would have made a flat charge of 25 cents.

Night Riders Burn Houses.

Nashville, Tenn., Nov. 6.—A Hopkinsville, Ky., dispatch to the Banner says that night riders have burned two cabins on the farm of a Mr. Hendrix, in Trigg county, Kentucky. Hendrix was forced to get up from bed and accompany the marauders. One cabin was occupied, and the family was forced to move out their belongings while the other cabin was being burned. A hundred or more shots were fired.

"Roustabouts" Refuse to Work.

Vicksburg, Miss., Nov. 6.—The steamboat labor problem assumed an acute phase here Monday, when announcement was made that because of the refusal of the negro "roustabouts" to ship, the steamer Belle of the Bends plying in the Vicksburg and Greenville trade would be forced to temporarily go out of commission.

Babe with Two Heads.

Meridian, Miss., Nov. 6.—A negro baby with two well formed heads was born Sunday night to George Dudley, a negro, near here. It died and was brought to Meridian by physicians. The heads were on one pair of shoulders with the evidence of two vertebrae in the back.

John Mitchell Improving.

LaSalle, Ill., Nov. 6.—John Mitchell, president of the United Mine Workers of America, who has undergone several operations, was reported Monday to be gradually improving. Physicians at the hospital said that unless unexpected complications arose the patient is out of danger.

Killed Son-in-Law.

Norfolk, Va., Nov. 6.—Mrs. Hatfield Britton, aged 57, died Sunday as the result of bullet wounds received at the hands of her son-in-law, John W. Childress, who, in a jealous rage on Oct. 26, shot and killed his wife and then committed suicide.

There's No Use

Talking—you can't beat Herbine for the liver. The greatest regulator ever offered to suffering humanity. Do You Think

For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

There are intelligent thinking women, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest medicine of known composition, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

HENRY DINSMORE DEAD.

Was at One Time Official Reporter U. S. House of Representatives.

Chicago, Nov. 6.—Henry Dinsmore, shorthand reporter, lawyer and author, died Monday at his residence here. He was 74 years old. As secretary for Stephen A. Douglas, he reported the famous debate with Lincoln in 1858.

In 1860 and 1861 he was official reporter of the national house of representatives, resigning to accept an appointment as captain on General Prentiss' staff. At the battle of Shiloh when General Prentiss was taken prisoner, Captain Dinsmore made his escape, saving valuable papers.

Knoxville Man Killed in Runaway.

Savannah, Ga., Nov. 6.—Richard Gaut, of Knoxville, Tenn., was killed in a runaway here Monday afternoon. He died while being taken to the Park View sanitarium. Gaut was a traveling representative of the Louisiana Sugar and Rice exchange. He had been out on the Bay Street extension road, and on returning met G. W. Register and requested the latter to give him a lift. Mr. Register complied, and soon after the horse became frightened and ran, throwing both out. Mr. Register also sustained serious injuries.

Cotton Difficult to Get.

New Orleans, La., Nov. 5.—Difficulty in procuring cotton in the interior had the effect Monday of producing much firmer spot markets at New Orleans and other points. A disposition on the part of planters to hold their cotton for cash payments rather than accept certified checks, has brought about this condition and it promises to prove a factor in retarding the movement of cotton abroad, unless currency for the purchase of the interior cotton is supplied.

City Nursery To Be Opened.

Columbus, Ga., Nov. 6.—The Sun, the club of this city will on next Monday open a day nursery in the city for the care of those children whose parents are engaged in other work during the day. The nursery will be conveniently located and will be a great help to those who are compelled to work and have no one with whom they can leave their children.

Coast Line to Open New Shops.

Waycross, Ga., Nov. 6.—It has been authoritatively announced that the big new Coast Line railroad shops at this place will begin operation on January 1. This will put about 2,000 men to work and add to the city's population something like six or seven thousand people within a few months.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

ARCTIC COTTON PLANT.

The Climax of Nature's Irony in the Far North.

The climax of nature's irony in the arctic is the cotton plant, says the Circle. Wherever cotton blooms, declares the miner, ice is not far below. One may trudge for miles through fields of cotton, the white, silky tops swaying defiantly in the arctic breeze. The blossom is silky, dainty, flusive as the down of our own yellow dandelion. From the beginning of June on until August the tundra is white with the cotton plant. Unlike the cotton of the southern states, the fiber is short and soft, having more of the texture of silk than of cotton.

The cotton plant will in all probability some day be the means of developing an Alaskan industry giving employment to thousands. Today, however, the cotton fields are purely decorative—a splendid sweep of immaculate bloom in a bleak, timberless landscape guarded by hills ever hung in veils of deepest purple. In great bouquets it is occasionally met in a miner's shack, while not a few housewives gather the cotton for pillow filling.

Throughout the cotton fields flowers bloom in abnormal splendor, as becomes a country in which the sun shines continuously during summer's voluptuous reign. It is an intoxicating joy for the flower hunter to gather great armfuls of purple larkspur, bluebells, monk's head, primroses, sweet peas, beautiful purple and red asters large as the most cultivated, lilies of the valley, baby breath, yellow arrow, sage rose, pink and white arctic geranium, crimson rhododendrons and giant fireweed, all growing on the hill-sides. To enumerate further is to reproduce a florist's catalogue.

Concerning "Christian Names."

May one interject a gentle protest against the use of the phrase "Christian name" in this connection? The Romans said praenomen, the French say prenom, and we have used the word "forename" for the last 365 years. It is as incorrect to speak of the Christian name of a Jew, for example, as it would be hopeless to expect a Christmas card from a Jewish rabbi. Again, the middle name of a Roman was his gentile name—that of his gens. On the surface, what a pretty confusion of ideas it would have been to have spoken of the name as at once gentile and Christian!—London Notes and Queries.

Most disfiguring skin eruptions, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

Polishing Glassware.

You have heard of many valuable ways to clean glassware and give to the pieces a desirable brilliancy, yet here is a method which is a "secret" and certain to give the best results. Wash the glass pieces and drain until dry, then coat each piece with a mixture of half water and ammonia. When dry brush the pieces with a soft bristle brush. Be sure and use only the bristle brush or the polish will not appear. This is excellent for glassware of any kind and makes old pieces look like new.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root, and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00

OBSTINATE ULCERS
MAY LEAD TO CANCER

There is no difference, at first, in the appearance of a common ulcer, and for this reason every sore that is obstinate or does not heal should excite suspicion, for the sore is nothing more than the external evidence of a polluted blood, and if allowed to remain may degenerate into Cancer. Efforts to heal the ulcer by means of salves, plasters, and external remedies always result in failure, because such treatment can have no possible effect on the blood, where the deadly germs and morbid matter form, and are carried through the circulation to the place. No sore can exist without a predisposing internal cause, and the open, discharging ulcer or festering old sore will continue to eat deeper into the surrounding flesh as long as a polluted, germ-infected circulation discharges its impurities into it. S. S. S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood goes to the diseased place the healing begins, all discharge ceases, the inflammation gradually leaves, new tissue and healthy cells are formed, and soon the sore is permanently cured. S. S. S. is made entirely of roots and herbs of a healing, cleansing nature, and unlike mineral medicines which often do great damage to the delicate parts of the system, S. S. S. tones up every part of the body. Book on Sores and Ulcers and any other advice desired free.
